They want submission, they hoped everyone would just be complacent and not fight back. As a Canadian watching and unable to assist you all, I am praying you patriots do fight back and win. Americans have already fought and won a war that seemed unwinnable against a global elite's force.

This is real racist police brutality against a black man. BLM think they have something to be cross about. They think this is going to do what? First and foremost this inspires me to destroy the next BLM symbol of hate I stumble across.

On person burns a BLM hate symbol and they arrest him. A thousand of us will burn BLM hate symbols. If they arrest us a million will burn down BLM hate symbols.

BLM violently attacked us because they hate our race plus anything about it and they want to arrest people for retaliating by burning their banner?

White people. They hate us so much it's not just our DNA and our morphological form. It's out culture, psychology, how we act, talk, etc. Anything that resembles us or is like us. If you have a black guy that just wants to be a normal part of society and not care about this being black or white stuff they'll still go after him for not shedding every possible semblance of being like a white person in any way.

In the UK BLM week is early February. I'm going to go to the nursery schools and I'm going to smash up all their decorations in front of all the teachers and kiddies.

I have intelligence they're doing BLM in schools even though it's illegal in the UK to do that.

If the cops arrest me I'm fucking laughing. Good luck explaining how I'm guilty of destroying an illegal display in a random school.

<https://www.legislation.gov.uk/ukpga/1996/56/part/V/chapter/IV/crossheading/politics>

It'll be brilliant. Imagine that just after lockdown when the kids are back in school.

In the USA you have you're fun we're going to have ours here as well with BLM targeting the schools.

Use your brain, pick targets wisely. I can't wait. It's going to be hilarious. It's going to be the best BLM week ever for the kids they'll get to see some mad shit the teacher will be going out of their mind as I smash all their classroom up and the kids will just be like woah.

This movement is global, not just DC, US, etc. We're going to take it all back!

"Your honor, as his public defender, chosen entirely at random since his paid lawyer is nowhere to be found, I object. He should also be gagged for the duration of his institutionalization, for the sake of his case lest he in his instable state say something unknowingly to some orderly which may be used against him in this court of law"

When unrest comes, public opinion stops mattering. That game stops working. Words lose their power and a governor or secretary of state can scream 'nazi white supremecist' from the top of their lungs while the media records them dragged from their homes and hanged from a lamp post. It won't stop those without patience left from getting back in their truck and heading out to wherever is next on their list.

The worst thing they could do is create a situation where people stop caring enough for unrest to form. Yet they are at it all the same because they don't understand what they are up against.

Then once they've used the media for a for weeks to condition their brainwashed users they dont care if he goes free. Trial by media works better for the left because if he goes free they spin "courts racist" go riot.

This will be a good tell for what's up in DC. They have a no cash bail system and tout it widely as letting people charged with Misdemeanors leave jail quickly with no bail required. If they keep Mr. Tarrío long or require a high dollar bail you can bet they will keep MAGA protestors with no public profile locked up for as long as possible.

A wall of men with rifles at the low will accomplish a better result. You won't need to retrieve anyone. There is no history in any right wing gathering of police moving on or attempting to arrest sufficiently openly armed groups.

Find out where he is. Have a unit dressed as BLM. Notify the city that you're going to have a riot and burn down the police station.

They should all empty the building and leave like they did in Minneapolis. They'll probably just have to cut loose anyone stowed away there.

they have no evidence that he did it, other than him lying and saying he did. and he didn't lie to an officer or under oath or anything. he lied on social media. so, the lying isn't really an issue either - not like a perjury or anything.

Well, they were tracking him, at the very least. The TSA had to have alerted the DC police, to be on site to take him into custody at the airport. Or someone from where he traveled from.

Having cops at the airport is a lot of effort to expend for a misdemeanor, considering people with state warrants travel freely.

'Leaders' are the only thing keeping the groups orderly and from flipping the table, murdering anything between them and the capital building, and dragging every non protesting member of congress out of their chamber to be shot.

This isn't your run of the mill central american protest where a few big names whip the population into a frenzy. It's a few prominent names trying to railroad a righteous fury into a 'peaceful' process.

I assume they'll just dispense with the mugshot since that would make the "white supremacist organization" narrative more difficult?

How about 2 million people burn a black piece of fabric painted with BLM in front of the DC courthouse, one that they created so no theft can be claimed.

That post from the French person about what happened with their protest has already been proven correct. They will target group leaders and arrest them with any charges they can think of to try and demoralize people and cause disorganization. Hopefully people planned accordingly thanks to that post.
